

CARBON REDUCING TECHNOLOGY

Liquid to Liquid TEG2-16-07025HT-SS

Specifications:

- 16 modules TEG2-07025HT-SS.
- Wired in series –parallel. Default wired in series to increase voltage output.
- Size is 14.75" (37.5 cm) long x 4.25" (11 cm) wide x 2" (5 cm) high.
- **Middle** liquid sink hot side
- **Top and bottom** liquid sinks cold sides
- Tube size OD 1/2"
- Tube size ID 5/16"
- All Aluminum 6000 series construction.
- Flow rate ~2 quarts per section cold sides and 4 quarts (1 gallon) hot sink.
- Same flow rates even though there are two cold sink
